

Do you know how much **WATER** it takes to **CREATE** the food you eat?

Burger bun top =
11 Gallons

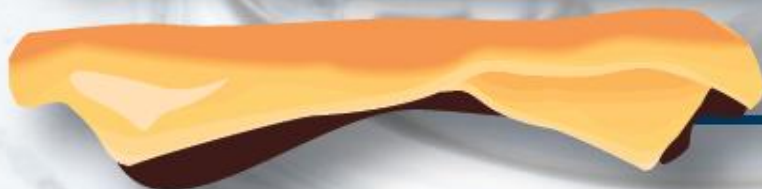

Lettuce =
1.5 Gallons

Tomato slice =
3 Gallons

Cheese slice =
56 Gallons

Meat patty =
616 Gallons (!)

Burger bun bottom =
11 Gallons

Answer: It takes **698.5 GALLONS** of **WATER** to make a single cheeseburger!
