21 Vegan Barbecue Staples That'll Make Any Cookout An Herbivore's Delight

Source: Huffington Post

Just because you don't eat meat products doesn't mean you have to suffer through a vacuous frozen veggie burger while everyone else at the summer barbecue chows down on hot, delicious grill food.

You, dear vegan, deserve the very best. And, as it happens, the very best cookout foods are often vegan. Just see the alluring assortment of meat-free options below for proof, then prepare to cook up a veggie-packed storm all summer long.
