PCRM ACTION ALERT
ATTENTION: Have You Or Someone You Know Tried The “Drink Milk-Lose Weight” Diet And Not Lost Weight?
The Physicians Committee for Responsible Medicine (PCRM) would like to bring a lawsuit against the dairy industry for the false and misleading advertising campaigns claiming that eating dairy products helps with weight loss. To bring this case, we need someone who bought and consumed dairy products (milk, yogurt, or cheese) to lose weight because of these advertisements. If you or someone you know fits this description and is interested in helping, please contact PCRM General Counsel Dan Kinburn at dkinburn@pcrm.org or 202-686-2210, ext. 308. Thank you so much for your help. Dan Kinburn

DID YOU KNOW THAT YOU CAN WATCH PCRM VIDEOS and public service announcements (PSAs) on YouTube, the popular—and free—video sharing Web site? Sharing YouTube videos with friends and family is not only easy, it’s also a great way to help spread PCRM’s message of healthy vegetarian eating and humane alternatives to the use of animals in medical research and education. Simply go to PCRM’s page on the YouTube Web site to watch the videos. Click the “Share Video” icon to let others know about our YouTube videos.

MESSAGE FROM PETA: Victory: No More Foie Gras at Giant Eagle!
After receiving nearly 250,000 e-mails and countless phone calls from PETA members and supporters over the course of just a few days, grocery chain Giant Eagle announced today that it will no longer sell foie gras—a “delicacy” that is made by force-feeding ducks and geese until their livers swell up and become diseased—in any of its 230 stores!

This is a huge victory for the thousands of ducks and geese who are tortured and killed each year to make foie gras. With this compassionate decision, Giant Eagle follows in the footsteps of Whole Foods (which also banned the sale of foie gras in its stores) as well as the state of California, the city of Chicago, and 16 nations across the globe that have banned the production of foie gras.

Thank you so much to everyone who e-mailed and called Giant Eagle to urge the company to stop selling foie gras. Because of you, this horrible product is one step closer to extinction.
